

Tipp City Enrichment Program

Summer 2016

June—August

TCEP TIMES

Thank You Tipp City Area Community Foundations!

The Tipp City Enrichment Program would like to dedicate their summer TCEP Times newsletter to the Tipp City Area Community Foundations.

Because of their amazing support of our program, TCEP was able to schedule awesome summer field trips. Six out of our nine bus field trips were sponsored by the Community Foundations. Our six sponsored field trips allowed our kids to experience hands on fun with a mix of educational standards. It's so important to keep kids learning during the summer so that they don't lose everything they gained during the school year. Educationally based field trips like those sponsored by the Foundation have helped TCEP with achieving this goal.

This year our Foundation funded trips included WACO, Charleston Falls, Young's Dairy Farm, Brukner Nature Center, Carillon Park, and finally the Dayton Art Institute. Be sure to check out the picture highlights from our trips in the summer 2017 edition of TCEP TIMES!

Summer Grant Field Trips

The Tipp City Area Community Foundations sponsored 6 out of our 9 summer bus field trips!

THANK YOU!!

June Field Trips:

WACO: the TCEP kids had a great time learning about the concepts of flight, making and firing paper rockets, and watching the evolution of flight from failure to success!

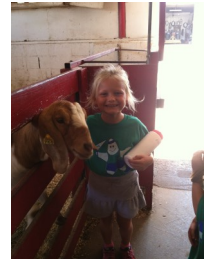

July Field Trips:

Charleston Falls: the kids broke up into small groups to collect specimens from the pond, then they visited the creek and moved rocks to find lifeforms, then they went on the trail to make animal scat, and then they finished the day at the falls.

Young's Dairy Farm: the TCEP kids got to experience the process of milking a cow and making ice cream, along practicing their putting skills on the miniature golf course and the kiddie corral.

Brukner: the kids were able to rotate stations to visit the original log cabin, down the river to sift through the water, then they visited the pond to net specimens, then they visited the bird watching tower and got to pet a snake and visit the animals, and ending hiking.

August Field Trips:

Carillon Park: TCEP was able to step back in time as we visited the historic park. Students were able to walk through buildings, experience a printing press, and ride the carousel.

Dayton Art Institute: The TCEP kids were able to explore the art gallery by participating in one of three programs. Each program was age appropriate and was followed up with a hands on craft that tied everything together.
